Repeat Applications

Any Grafton County resident who is actively engaged in an **agriculturally related college education** may apply for a scholarship each year that he/she is enrolled in college. Please provide your most recent semester transcripts, re-enrollment information, as well as the application. You do not need the three additional references nor the essay that is required of first-time applicants.

However, in place of the essay, your background or current involvement with agriculture, forestry or commercial fishing might give you the edge in the application process.
