ON THIS DAY IN HISTORY

May 29th, 1911 - The Indianapolis 500 is run for the first time.

May 29th, 1953 - Edmund Hillary and Tenzing Norgay become the first men to reach the top of Mount Everest.

Today is the last day of school.....IF** you have everything done!**

--Important End of Year Information--

- For the **Spring Semester of 2020 ONLY**, and in light of the challenges remote learning has placed on students, staff, and parents alike, we will be accepting a **2.0 (70%) as a passing grade** instead of the usual 2.5. We believe that this will help those students who have been struggling and lessen the impact on the earning of credit.

It's not too late!

New instruction for students will end on May 29th. Students who have completed all of their coursework will be done with school at that time but.....those students who have not completed their coursework will have until June 12th to do so. School will end for everyone on June 12th but we will continue to work with Seniors right up to graduation if necessary.

If a student fails a class with a 1.5 or better (instead of the usual 1.7), they will be able to recover the credit through Summer School. Plans are being made for this and it is very likely to also be done through remote instruction. Specific details will be made available to those students who are eligible once grades close.
